

SURFACE MOUNT SKYLIGHTS

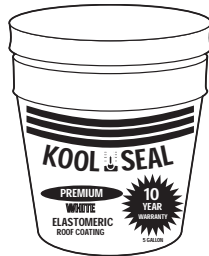

Surface mount skylights are easy and quick to install. They mount flat on the roof deck. We offer them in two styles, the FE and the F3. The FE has a wider plain flange. The F3 has anti-siphon ridges molded in a narrower flange. Both are one piece seamless construction made from unbreakable polycarbonate. Both provide a reliable waterproof installation when installed in accordance with our instructions. These skylights have been proven over 15 years and in 1.5 million installations. Many skylights of this style have caused problems for other manufacturers. Fox Lite surface mount skylights Do Not Leak and carry a limited life time warranty. Fox surface mount skylights Do Not Leak and carry a limited life time warranty.

Surface Mount Skylights
